

ÍNDICE DE ACRÓNIMOS

3GPP: Third Generation Partnership Project

AMPS: Advanced Mobile Phone Service

ARIB: Association for Radio Industry and Business

BER: Bit Error Rate

BPSK: Binary Phase Shift Keying

CDMA: Code Division Multiple Access

CIS: Conventional Importance Sampling

DS-CDMA: Direct Sequence – CDMA

EDGE: Enhanced Data Rates for GSM/Global Evolution

ETSI: European Telecommunication Standard Institute

FDD: Frequency Division Duplex

FDMA: Frequency Division Multiple Access

F-FH: Fast – Frequency Hopping

FH-CDMA: Frequency Hopping – CDMA

GPRS: General Packet Radio Service

GSM: Global System for Mobile Communication

IIS: Improved Importance Sampling

IMT-2000: International Mobile Telecommunication 2000

IS: Importance Sampling (método)

IS-136: D-AMPS (Digital AMPS)

IS-95: CDMAone

ITU: International Telecommunication Union

MC: Monte Carlo (método)

PDC: Personal Digital Cellular

S-FH: Slow – Frequency Hopping

SS: Spread Spectrum

SSMA: Spread Spectrum Multiple Access

TDD: Time Division Duplex

TDMA: Time Division Multiple Access

TH-CDMA: Time Hopping – CDMA

TIA: Telecom Industry Association

UMTS: Universal Mobile Communication System

UTRA: UMTS Terrestrial Radio Access

W-CDMA: Wideband – Code Division Multiple Access
